AN ISLAND ESCAPE
LIKE NO OTHER

FAIRMONT
EL SAN JUAN VILLAS

WELCOME TO PARADISE

The gentle sounds of a tropical paradise waking for a new day. Lush foliage revealing every shade of green imaginable. The rhythms and melodies of the Caribbean fueling long, passionate nights. The natural beauty and effervescent spirit of *la isla del encanto*—Puerto Rico—await when you stay at Fairmont El San Juan Villas.

From the moment you book your stay, a personal concierge will guide your experience, ensuring every need and want is taken care of. A luxury vehicle whisks you away from the airport to your villas; a welcome amenity greets you upon arrival at your accommodation. Maybe you'll unwind with a couple's massage, or perhaps a cocktail in the mid-century surroundings of the Chandelier Bar. When you're our guest, every choice is yours.

STAY BY THE SEA

It all starts with Isla Verde.

Two miles of surf and sand, of recreation and relaxation. And put simply, there is no better place to enjoy this award-winning beach than our **Casa Del Mar Suite**. Two stories of seaside chic and deeply considered luxury. Endless ocean vistas. A private hot tub, and plenty of space—more than 1,500 square feet (140 square meters)—to entertain or to enjoy as just the two of you. Here, Isla Verde is your playground, your kingdom and your oasis.

Or consider the **Ocean Villa Room**: floor-to-ceiling windows reveal the full splendor of the Atlantic Ocean, while the pool and beach club are also just steps away. A bridge between land and sea, these rooms are ideal for all-day basking on the beach. For some, that may mean a piña colada and a daybed; for others, a jet ski adventure with the San Juan skyline as your backdrop.

ESCAPE TO ELEGANCE

As you step farther away from the beach, the scenery changes.

Lush gardens and a magnificent banyan tree greet you with shade and subtle surprises for the senses. In our **Banyan Villa Room**, the essence of Puerto Rico's rainforests surround you. Tropical plant life greets you each morning through the windows; floral aromas waft over from the gardens, complementing an afternoon of contemplation in the enclosed terrace.

From there, you encounter the centerpiece of Fairmont El San Juan Hotel, the Well & Being Pool. Our **Pool Villa Room** puts you in the heart of the action, but with all the privacy you need to unwind. Whether on your secluded, sun-soaked terrace or balcony, or amid your spacious interiors, this villa is perfect for gathering friends or family before a night of celebration in San Juan.

No matter where you choose to stay, you'll live the **Villa Vida** experience. Butler service attends to your every need and whim. Your villa team can plan an itinerary of off-site adventures, or arrange for spa reservations, private cabana rentals, private training sessions and so much more. From the moment you arrive, the most exceptional experiences at Fairmont El San Juan Villas are always at your beck and call.

IT'S ALL RIGHT HERE

Your villa is just the beginning of your stay in San Juan. Effervescent mornings spent paddling on the waves, exploring the area on our bicycles, or sunning by the pool may require a moment of restoration in our Well & Being Spa, where local ingredients blend with expert treatments to soothe the body and soul. In the afternoon, your villa team can arrange private dining cabana experiences or pack picnics for a daytrip. Afterward, a yoga class, private workout or rooftop cardio session at our 24-hour, three-story fitness center can provide the energy you'll need to carry you into the evening.

As the sun sets, perhaps you find yourself with a glass of wine and intimate company on the deck of a sailing yacht. Those seeking a connection to our island's history and culture may discover the charms and cobblestone streets of Old San Juan, or five centuries of art at Museo de Arte de Puerto Rico.

Your thoughts now to dining. A world of gourmet tastes—Puerto Rican fine dining, locally distilled rum, Italian fare, fresh-caught sushi and so much more—can be found at our 13 bars and restaurants. Since this is San Juan, your day never ends with dinner. Enjoy a classic cocktail under 7,000 illuminated Czechoslovakian crystals at the Lobby's Chandelier Bar, then dance until the early hours at BRAVA nightclub. Play a few rounds of roulette or blackjack in the posh Foxwoods El San Juan Casino before taking in live music at Tropicoro; after all, this is where Frank Sinatra, Liza Minelli and Dean Martin played and stayed in the 1960s. It's where Puerto Rico's elite have gathered for decades. And it's where San Juan will seduce you, from sunrise to sunset and to sunrise once again.
